

**Yancey Engineered Solutions is
UL-142 Approved for
Above-Ground Tanks
and
UL-2200 Approved for
Generator Enclosures.**

- Yancey Engineered Solutions QMS is ISO 9001:2015 Certified Y040109.
- UL-142 Listed for Sub-Base Fuel Tanks.
- U-2200 Listed for Aluminum WPE and SAE.
- Factory Witness Testing (Open Pad and Test Cell Capabilities).
- 25-Plus Years of Electrical Engineering Experience.
- State of the Art 3D Modeling; Trained in FEA Analysis, sound application, air flow and heat load performance, and structural engineering process.
- Enclosures are all aluminum design with one piece welded roof construction.
