CAT XT SPIRAL HOSE — MADE IN THE USA.

Caterpillar is the only equipment OEM that makes our own hose and couplings — and we've been building the highest performing hose and coupling components and assemblies since the 1960s! Better still, Cat XT spiral high-pressure hose is proudly made in the heart of the USA at our facility in the Midwest.

ALL MAKES. ALL MODELS.

No matter what equipment you run, we can make the replacement hose assemblies you need right here in our shop. We offer a variety of hose types and coupling connections that meet or exceed all major industry standards.

ORDER IN STORE, ONLINE, OR BY PHONE.

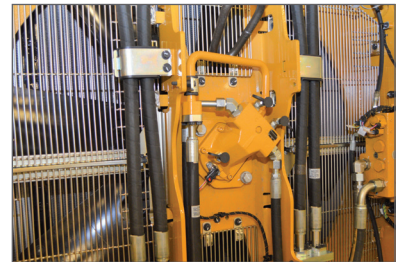

Stop by our nearest branch location, order online or give us a call and tell us what you need. Our hose experts will have it available for quick pickup. Getting the hose assemblies you need is just that easy.

DID YOU KNOW?

You can also quickly order Cat hose assemblies by scanning the QR code on the hose.
